SUMMARY

Motivated and enthusiastic computer science student with a strong interest in software development and web technologies. Eager to apply problem-solving abilities and continuously learn emerging technologies. Experienced in developing academic projects using Java, HTML, and SQL with good analytical and teamwork skills.

EDUCATION

Annamacharya Institute of Technology and Sciences

B.Tech - CGPA - 9.06

2023 – 2027

Rajampet, India

Sri Vivekanandha Jr College

Intermediate - Percentage - 97.1%

2021 – 2023

Ananthapur, India

Vedavathi EM High School

SSC - percentage - 10

2020 – 2021

Rayalacheruvu, India

PROJECTS

Java Full Stack Webpage *Java, HTML, SQL*

- Developed a responsive full-stack web application using Java, HTML, and SQL, enabling seamless interaction between frontend user interfaces and backend services.
- Designed and implemented database tables, queries, and data management operations to efficiently store, retrieve, and update application information.
- Applied object-oriented programming principles and modular code structure to improve application maintainability, scalability, and performance.
- Collaborated on application design and testing activities, gaining practical experience in full-stack development and software development lifecycle concepts.

Asset Request Bot *Python*

- Developed a Python-based automation bot to streamline asset request and approval workflows, reducing manual effort and improving process efficiency.
- Implemented request validation, status tracking, and automated workflow management to ensure accurate handling of asset requests throughout their lifecycle.
- Generated automated notifications and reports that provided stakeholders with real-time visibility into request progress and approval status.
- Enhanced workflow transparency by maintaining request history, monitoring approvals, and providing detailed reporting for better decision-making.

TECHNICAL SKILLS

Programming Languages: core Java,

Web Technologies: HTML

Database: SQL

Tools & Technologies: VS Code, Eclipse, Git

STRENGTHS

- Quick learner with adaptability to new technologies and environments.
- Strong communication and teamwork skills.
- Good analytical and problem-solving abilities.
- Self-motivated with a positive attitude towards continuous learning.

CERTIFICATES

- Web Development – ProgramMaster (03/09/2024 – 03/10/2024)
- DevOps – JobPrep (24/03/2025 – 24/04/2025)
- AI & ML Fundamentals – Great Learning Academy
